FEDERALISM is more than just a legal concept in the life of California Supreme Court CHIEF JUSTICE DAVID S. TERRY (1823-1889): It prevents him from being freed from the VIGILANCE COMMITTEE that wants to hang him; it haunts the legal battle to defend his love, Sarah Althea Hill; and it frees the U.S. Marshal who shoots him from a state murder charge. Join members of the state and federal judiciary as they bring to life the rousing account of the life and times of California Supreme Court CHIEF JUSTICE DAVID S. TERRY and the evolution of the doctrine of FEDERALISM through an entertaining multimedia presentation.
